

Instructions

This assessment consists of two parts. Please follow the instructions carefully for each part.

Part 1: Self-Report Emotional Assessment

1. You will be given the Mood and Feelings Questionnaire, which assesses your emotional state over the past two weeks.
2. Read each statement carefully and decide how well it describes your thoughts and feelings during that time period.
3. For each item, check the response that best applies: NOT TRUE, SOMETIMES TRUE, and TRUE
4. Answer all questions honestly based on how you have been feeling over the past two weeks.
5. If you need any clarification on a question, please ask the researcher.
6. Once you have completed the questionnaire, proceed to the next part for the handwriting sample.

Part 2: Handwriting Sample

1. On the second page, you will find spaces to copy out the full alphabet in cursive - both uppercase and lowercase letters.
2. Use the provided pen and paper to write out each letter of the alphabet in your natural cursive handwriting style. Write clearly and at your normal writing speed.
3. Leave a small space between each letter. If you make a mistake, simply cross it out and continue writing the next letter.
4. Take your time and write naturally, as if writing a friendly letter to someone.

Please let the researcher know when you have completed both the self-report questionnaire and the handwriting sample. Your responses will be kept confidential.

Thank you for your participation in this study on emotion recognition through handwriting analysis. Your contribution is valuable.
