Part 2: The Drawing Exercise

Draw a Three Overlapping Circles	Connect the Dots
 A hand-drawn sketch of three overlapping circles. The circles are arranged in a triangular pattern, with each circle overlapping the other two. The lines are simple and slightly irregular, suggesting a quick sketch.	 A hand-drawn sketch of a 'Connect the Dots' exercise. It consists of a rectangular frame with six horizontal lines. Each horizontal line has a small dot at each end, and there are also dots at the corners of the frame, totaling 14 dots. The lines are slightly wavy, and the dots are small black circles.
Draw a Person in the Rain	Draw a House and a Tree
 A hand-drawn sketch of a person standing in the rain. The person is represented by a simple stick figure with a circular head. They are holding a large, curved umbrella over their head. Rain is depicted as numerous small, teardrop-shaped droplets falling around the person and the umbrella. Above the person, there are several curved, horizontal lines representing clouds or rain streaks.	 A hand-drawn sketch of a house and a tree. The house is a simple rectangular structure with a gabled roof, drawn with straight lines. To the left of the house is a tree with a thick, textured trunk and a large, rounded, bushy canopy. The tree's canopy is drawn with many overlapping, curved lines, giving it a full, leafy appearance. The ground is indicated by a few horizontal lines at the base of the tree and house.
